Art Pack:

Mask-Making

By:

Chiara Dellerba

http://www.chiaradellerba.com

Materials

- mask template
- geometric shapes template
- coloured pencils
- scissors
- glue
- string

Instructions

1. Using scissors cut the template of your mask.

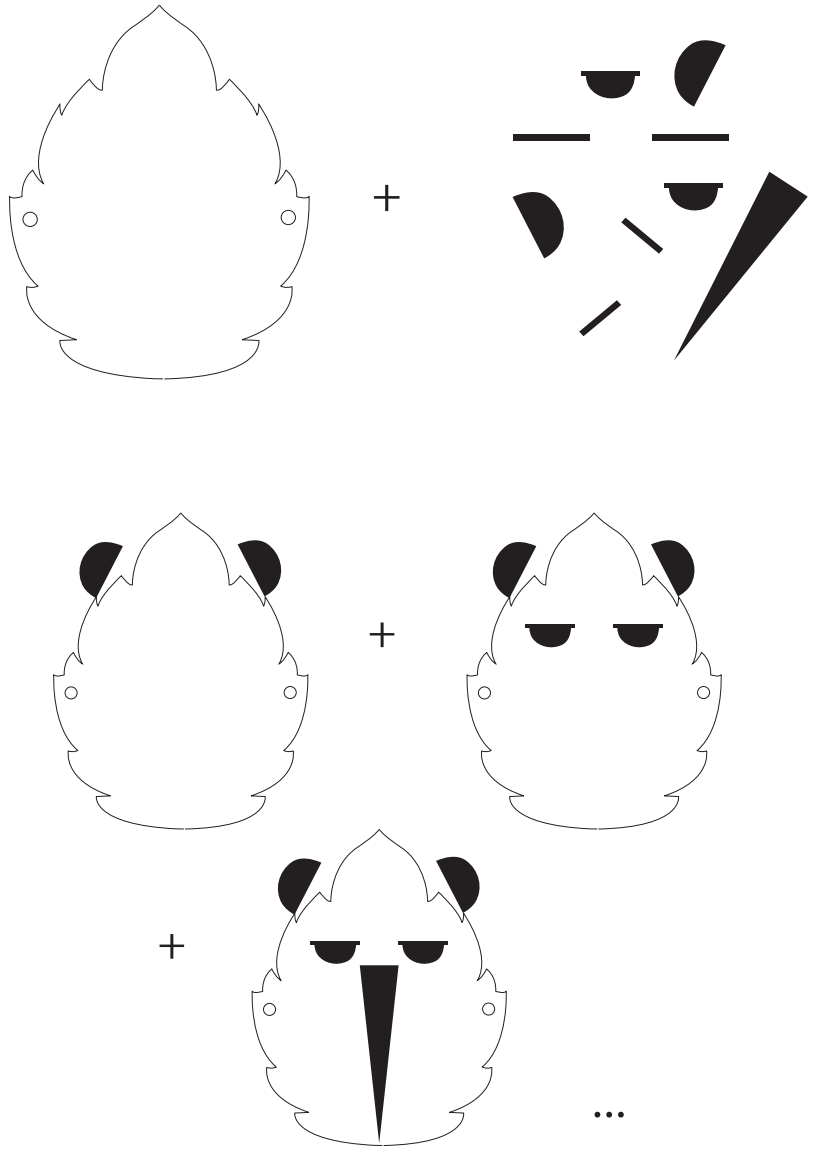
2. Choose between the geometrical shapes to use to give your plant:

- eyes
- nose
- ears
- mouth

Cut the shapes out.

3. Using the glue stick, stick the shapes on your mask.

You can also use the colour pens to draw on shapes and patterns.



PRIMARY

4. Now, imagine that with your plant mask you will become a super hero...let's play with more shapes to make it unique!

5. Choose between the shapes on the colored paper, cut them and stick wherever you like on the mask.

6. Notice the pair of little circles on each side of the mask? These are the spots where you need to punch holes for attaching the string. Punch the holes with a sharp pencil.

7. Cut a length of a string. Tie the ends of the string on each hole. Try on the mask. It should fit snugly but not too tight. Adjust the length of the string if necessary.

8. On the back of your mask write your:
- plant superhero name
- plant super power
- your mission

Now you are ready to save the planet:)
